MEMORANDUM FOR: Secretary, Executive Advisory Group

FROM : F. W. H. Janney  
Director of Personnel

SUBJECT : Consistent Separation Policy

REFERENCE : Minutes of the 20 Oct 76 EAG Meeting, Item 2b.

1. Per the reference, the Office of Personnel was asked to draft its proposed revised regulations on separations, along the lines discussed at the meeting. The regulations attached would be in the [ ]

2. Within the Office of Personnel, we have mixed feelings about formalizing the policy described in [ ] separation for low ranking in two consecutive years. It is for the EAG to decide if it wishes to promulgate this policy. In the current regulations, there is only vague reference to "selection out" as a basis for separation which either requires expansion or deletion. As you notice, we would do away with the term "selection out." STATINTL

3. The Deputy Director for Administration has concurred with our proposal to circulate the draft of the revised regulations for EAG consideration.
